7 **PRE-SUIT DISCUSSIONS**

8 26. Prior to filing this Complaint, Entropic sent a communication by physical
9 means to Comcast on August 9, 2022, in an attempt to engage Comcast and/or its
10 agents in good faith licensing discussions regarding Entropic's patent portfolio,
11 including the Patents-in-Suit.³ Comcast replied to the communication on October 10,
12 2022, asking for additional information. On December 23, 2022, Entropic sent
13 Comcast another communication regarding a separate license to Entropic's patents for
14 the field of the standardized networking technology commonly called MoCA, and also
15 seeking to discuss with Comcast a typical non-disclosure agreement in order to share
16 such information.

17 **ENTROPIC'S LEGACY AS A CABLE INNOVATOR**

18 27. Entropic Communications Inc. ("Entropic Inc."), the
19 predecessor-in-interest to [Plaintiff](#) Entropic as to the Patents-in-Suit, was founded in
20 San Diego, California in 2001 by Dr. Anton Monk, Itzhak Gurantz, Ladd El Wardani
21 and others. Entropic Inc. was exclusively responsible for the development of the
22 initial versions of the Multimedia over Coax Alliance ("MoCA") standards, including
23 MoCA 1.0, ratified in 2006 and MoCA 1.1, ratified in 2007, and was instrumental in
24 the development of MoCA 2.0, ratified in 2010. It also developed Direct Broadcast
25 Satellite ("DBS") Outdoor Unit ("ODU") single wire technology and System-on-Chip
26

27 ³ The '206 Patent was not included in the list of issued Entropic patents discussed in
28 the communication sent on August 9, 2022.

1 (“SoC”) solutions ~~for set-top boxes (STBs)~~ in the home television and home video
2 markets. Entropic was widely known in the cable industry for these innovations and
3 its foundational development of MoCA.

4 28. Under the technical guidance of Dr. Monk, Entropic Inc. grew to be
5 publicly listed on the NASDAQ in 2007. After the public listing, the company
6 acquired RF Magic, Inc. in 2007, a company specializing in DBS ODU technology
7 and related hardware.

8 29. Additional growth between 2007 and 2015 bolstered the technical
9 expertise of Entropic Inc. with respect to signal acquisition, stacking, filtering,
10 processing, and distribution for STBs and cable modems.

11 30. For years, Entropic Inc. pioneered innovative networking technologies,
12 as well as television and internet-related technologies. These technologies simplified
13 the installation required to support wideband reception of multiple channels for
14 demodulation, improved home internet performance, and enabled more efficient and
15 responsive troubleshooting and upstream signal management for cable providers.
16 These innovations represented significant advances in the field, simplified the
17 implementation of those advances, and reduced expenses for providers and customers
18 alike.

19 **MAXLINEAR’S TRANSFER OF PATENTS TO ENTROPIC**

20 31. In 2015, MaxLinear, Inc. and MaxLinear, LLC (collectively,
21 “MaxLinear”)—leading providers of radio-frequency, analog, digital, and
22 mixed-signal semiconductor solutions—acquired Entropic Inc., as well as the
23 pioneering intellectual property developed by Dr. Monk and his team.

16 B. ~~C.~~ Comcast Has, and Continues, to Willfully and Intentionally Infringe
17 ~~Entropic's Patents~~the Patents-in-Suit

18 67. ~~60.~~ The Patents-in-Suit are the result of years of research and
19 development in satellite and cable technology. These innovations are utilized by
20 Comcast to provide enhanced and expanded services to customers, which in turn has
21 increased revenues for Comcast while at the same time reducing costs.

22 68. Comcast invested in Entropic Inc. once in 2003, and again in 2006.

23 69. Upon information and belief, Comcast substantively reviewed and
24 analyzed Entropic Inc.'s patents and patent applications related to the Patents-in-Suit
25 as part of its due diligence prior to investing in Entropic Inc.

26 70. In addition, Comcast has willfully infringed the Patents-in-Suit in at least
27 the following ways.
28

1 1. The Charter Suits

2 71. ~~61. Entropic filed a~~ On information and belief, Comcast had knowledge
3 of its infringement of certain of the Patents-in-Suit based on its awareness of the
4 patent infringement suit filed by Entropic against Charter Communications, Inc.
5 (“Charter”) in the Eastern District of Texas, Case No. 2:22-CV-00125-JRG-~~(“the~~
6 ~~Charter Suit”)~~, on April 27, 2022,~~asserting.~~ This suit against Charter asserted the
7 ’775 Patent, the ’690 Patent, the ’008 Patent, the ’362 Patent, the ’826 Patent, and the
8 ’682 Patent against Charter’s provision of cable television and internet services, cable
9 modem products and STBs.

10 72. On information and belief, Comcast had knowledge of its infringement of
11 certain of the Patents-in-Suit based on its awareness of the patent infringement suit
12 filed by Entropic against Charter in the Eastern District of Texas, Case No.
13 2:23-CV-00052-JRG, on February 10, 2023. This second suit against Charter asserted
14 the ’866 Patent and the ’206 Patent against Charter’s provision of cable television and
15 internet services, cable modem products and STBs. The complaint was amended on
16 October 31, 2023, to assert the ’275 Patent and ’438 Patent against Charter.

17 73. Both Charter and Comcast are part of the close-knit business community
18 that is the cable industry, which is led by key industry players. These key players
19 work collaboratively to develop new technology and programs to drive the industry
20 forward, including through organizations like MoCA and the Society of Cable
21 Telecommunications Engineers.

22 74. Comcast and Charter actively collaborate together, have monthly
23 meetings across various departments, and have even collaborated together on accused
24 technologies. Specifically, Comcast and Charter have collaborated together on Profile
25 Management Application (“PMA”) technology and the implementation of full band
26 capture.

27 75. Comcast’s PMA implementation infringes the ’682 Patent in
28 substantially the same manner as Charter’s PMA implementation. Given the amount

1 of collaboration that occurs between Charter and Comcast, Comcast was aware of the
2 accusations against Charter's PMA implementation.

3 76. Comcast's implementation of remote spectrum monitoring functionality
4 in its Proactive Network Maintenance ("PNM") system infringes the '008 and '826
5 Patents in substantially the same manner as Charter's implementation of remote
6 spectrum monitoring in its PNM system. Given the amount of collaboration that
7 occurs between Charter and Comcast, Comcast was aware of the accusations against
8 Charter's implementation of remote spectrum monitoring in its PNM system.
9 Additionally, Comcast collects information regarding the upstream channels as part of
10 the operation of its network, in a similar manner as Charter. This collection of
11 information regarding the upstream channels as part of the operation of a cable
12 network infringes the '690 Patent.

13 77. Comcast's usage of full band capture-enabled cable modems and STBs
14 infringes the '362, '866, '206 and '275 Patents in substantially the same manner as
15 Charter's usage of full band capture-enabled cable modems and STBs. Given the
16 amount of collaboration that occurs between Charter, Comcast and its common
17 supplied of the cable modems, STBs and underlying full band capture
18 system-on-chips (or SoCs), Comcast was aware of the accusations against Charter's
19 usage of full band capture-enabled cable modems and STBs.

20 78. Comcast uses cable modem termination system ("CMTS") hardware and
21 software as part of its cable network.

22 79. Comcast and Charter also collaborate together at events for the Society of
23 Cable Telecommunications Engineers ("SCTE"), of which both Comcast and Charter
24 are members. Among other things, Comcast and Charter participate in panels together,
25 share data and achievements related to SCTE, and work on peer-reviewed papers
26 together.

27 80. Charter and Comcast also "team up" to offer streaming devices and other
28 technology to customers. Indeed, The New York Times published an article about

1 such a joint venture between Comcast and Charter on April 27, 2022, the very same
2 day that the first suit against Charter was filed.

3 81. As evidenced by this article, Comcast knows that Charter utilizes
4 technology that functions almost identically to Comcast's technology.

5 82. Among other things, Charter and Comcast utilize similar product
6 offerings that incorporate the same technologies. Charter and Comcast purchase their
7 products, including cable modems, STBs, and CMTS hardware and software, from the
8 same third parties. These products utilize the same or similar SoCs and other
9 processors and provide similar functionality. For example, both Charter and Comcast
10 provide whole-home DVR solutions utilizing MoCA to create an in-home network
11 over the on-premises coaxial cabling. Similarly, both Charter and Comcast utilize
12 cable modems having Broadcom BCM3390 SoCs and STBs utilizing a combination
13 of Broadcom full-band capture SoCs to interface with the cable network and STB
14 SoCs to decode and display television content.

15 83. For example, one supplier of STBs, Arris, provides the DCX3600 to both
16 Comcast and Charter. Comcast refers to the Arris DCX3600 as the Arris
17 MX011ANM or XG1-A, and Charter refers to it simply as the Arris DCX3600. An
18 image of the circuit board included in the Arris DCX3600 is shown below, clearly
19 showing both the DCX3600 and XG1 branding:

20
21
22 (Added)

1 84. The two Charter suits discussed herein asserted the same patents and
2 involved largely the same technology as is at issue in this action.

3 85. Given the close business relationship between Comcast and Charter, as
4 well as the joint ventures that Comcast was pursuing with Charter when these suits
5 were filed against Charter, Comcast was almost certainly aware of their filings.

6 86. 62. Upon information and belief, and based on Comcast's awareness of
7 the substantial similarities between Comcast's and Charter's technology and products,
8 Comcast analyzed the claims ~~in the~~ asserted against Charter-Suit, the Patents-in-Suit,
9 and the ~~asserted patents~~ Accused Products.

10 87. 63. Upon information and belief, Comcast then analyzed its own
11 products' functionality in light of the patents asserted ~~in~~ against Charter, and it
12 confirmed that its own products were functionally identical to the Charter
13 ~~Suit~~ products accused.

14 88. 64. Upon information and belief, Comcast monitored the ongoing
15 prosecution of the '362 Patent family, and therefore was aware of the U.S. Patent No.
16 11,381,866 (the "'866 Patent") issued on July 5, 2022, and U.S. Patent No.
17 11,399,206 (the "'206 Patent") issued on July 26, 2022.

18 89. 65. Upon information and belief, Comcast analyzed its products'
19 functionality in light of the '866 Patent.

20 90. 66. Upon information and belief, Comcast analyzed its products'
21 functionality in light of the '206 Patent.

22 91. Upon information and belief, Comcast thereafter determined that its
23 products infringe the Patents-in-Suit in substantially the same manner as Charter.

24 92. Nevertheless, Comcast continued to make, sell, or offer for sell the
25 infringing products.

26 93. 67. Upon information and belief, Comcast requested indemnification
27 from Comcast's suppliers for each of the patents asserted against Charter, including
28 the ~~MoCA-related~~ MoCA-related patents, prior to Entropic filing the current action.

1 94. Comcast’s request for indemnification evidences its knowledge of the
2 risk that it infringed at least Entropic’s Non-SEP Patents, and that a suit similar to the
3 Charter Suit was likely to be initiated against Comcast.

4 **2. The DISH and DirecTV Suits**

5 95. ~~68.~~—Entropic filed a patent infringement suit against Dish Network
6 Corporation, DISH Network, LLC, and Dish Network Service, LLC (collectively,

1 **3. Comcast's Relationship with MaxLinear**

2 98. Comcast has willfully infringed the Patents-in-Suit based on knowledge
3 it gained from Patrick Tierney. Tierney, one of the named inventors of the '008
4 Patent and '826 Patent, now works at Comcast. Accordingly, upon information and
5 belief, Comcast knew of the aforementioned Patents-in-Suit as early as the day Patrick
6 Tierney was hired. For example, upon information and belief, Comcast looked at
7 patents which named Patrick Tierney as an inventor as part of the process of
8 determining whether to offer him employment at Comcast.

9 99. Patrick Tierney and other MaxLinear employees frequently met with
10 Comcast and discussed the technologies of both MaxLinear and Entropic Inc. that
11 practiced the Patents-in-Suit. Thus, Patrick Tierney was well aware of the technology
12 and functionality of the Patents-in-Suit.

13 100. Indeed, before his employment at Comcast, Patrick Tierney often met
14 with Comcast personnel to discuss new technology for which MaxLinear and Entropic
15 Inc. had recently applied for or received patent protection.

16 101. For example, Patrick Tierney met with Sam Chernak of Comcast on
17 December 20, 2012, less than a month after the '566 Patent issued. Upon information
18 and belief, Mr. Tierney told Mr. Chernak about the '566 Patent.

19 102. As another example, Comcast met with MaxLinear to ask MaxLinear to
20 support a low cost D3 modem on January 20, 2013, less than a month after the '681
21 Patent issued.

22 103. In his role at Comcast, on information and belief, Patrick Tierney shared
23 what he knew about the functionality and operation of the Patents-in-Suit with other
24 Comcast personnel, so that Comcast could continue to create products that infringe
25 upon the Patents-in-Suit.

26 104. Comcast also learned about the functionality of the Patents-in-Suit
27 through other events it attended, including the 2015 International Broadcasting
28

1 Convention, where MaxLinear presented information about new products and
2 technology that implemented the Patents-in-Suit.

3 105. MaxLinear also held several business discussions with Comcast in 2015,
4 wherein MaxLinear discussed its products and technology that implemented the
5 Patents-in-Suit and explained how that technology could benefit Comcast's business.

6 106. Specifically, MaxLinear gave a presentation to Comcast in March 2015
7 wherein it discussed confidential, new technology being developed by MaxLinear and
8 Entropic Inc. MaxLinear's March 2015 presentation specifically referenced that
9 much of this technology was covered by "[a]lmost 2000 issued and pending patents."

10 107. Finally, Comcast has been willfully infringing since at least October
11 2021, when it intentionally misappropriated MaxLinear's technology and related
12 patents by disclosing that information to MaxLinear's competitor.

13 108. In 2020, Comcast began pursuing full duplex ("FDX") technology to
14 implement DOCSIS 4.0, which was intended to enable higher speeds for both
15 downstream and upstream communications.

16 109. However, Comcast soon realized that the only then-viable FDX
17 architecture could not be deployed to serve the majority of Comcast's network.

18 110. Comcast turned to MaxLinear to solve this problem, as MaxLinear was a
19 well-known innovator in the FDX space. Indeed, since at least 2016, Comcast itself
20 acknowledged that MaxLinear was the only company able to deliver viable FDX
21 technology.

22 111. In 2020, after entering into a non-disclosure agreement, MaxLinear
23 shared its confidential FDX technologies with Comcast in the hopes of expanding
24 their business relationship.

25 112. On information and relief, Comcast knew that MaxLinear's disclosures
26 regarding the FDX technology were confidential and were owned by MaxLinear,
27 including by virtue of the non-disclosure agreement signed by Comcast, as well as the
28 confidentiality designations MaxLinear marked its FDX disclosures with.

1 113. On information and belief, in October 2021, Comcast nevertheless took
2 credit for MaxLinear’s technology in a published article. See Elad Nafshi,
3 *Announcing Another 10G Milestone Amidst a Flurry of Innovation*, Comcast (Oct. 14,
4 2021), <https://tinyurl.com/yphyu6a9>.

5 114. In September 2022, Richard Prodan, one of the Comcast employees who
6 attended and received copies of MaxLinear’s confidential presentation on the design
7 of its FDX-amplifier solution, published an industry paper that described an
8 FDX-amplifier design that was materially identical to the one MaxLinear developed
9 and confidentially shared with Comcast.

10 115. On information and belief, Comcast was aware that its use of
11 MaxLinear’s FDX technology infringed the Non-SEP Patents, including by virtue of
12 their longstanding business relationship during which MaxLinear had given
13 presentations to Comcast that stated that MaxLinear’s technology was
14 patent-protected.

15 116. At the very least, Comcast was willfully blind to the fact that its
16 misappropriation of MaxLinear’s FDX technology infringed upon the Patents-in-Suit.

17 **4. Comcast’s Willful Infringement of Specific Patents-in-Suit**

18 117. Upon information and belief, Comcast substantively reviewed and
19 analyzed Entropic’s U.S. Patent No. 8,223,775 (the “’775 Patent”), duly issued on
20 July 17, 2012 from an application filed September 30, 2003, as part of its due
21 diligence prior to investing in Entropic in 2006.

22 118. Accordingly, upon information and belief, no later than the day prior to
23 its latest investment in Entropic in 2006, Comcast knew or had every reason to know
24 that Entropic owned the ’775 Patent. Because Comcast knew of the ’775 Patent and
25 substantively reviewed its claims, Comcast began willfully infringing the ’775 Patent
26 no later than the dates it began offering its cable modem products and services, having
27 knowledge that such use and deployment infringed the ’775 Patent.

1 119. As addressed above, Comcast has willfully infringed at least the '362
2 patent, the '826 patent, and the '206 patent through its knowledge gained from the
3 Charter litigation, and was aware of (and substantively analyzed its infringement of)
4 the other Patents-in-Suit no later than the letter sent by Entropic in August 2022.

5 120. 73. Comcast has also willfully infringed ~~two other MaxLinear~~ at least the
6 '682 Patent as evidenced by its own patents ~~no later than March 20, 2019.~~
7 ~~Specifically, that cite to~~ U.S. Patent No. ~~10,582,515 assigned to and prosecuted by~~
8 ~~Comcast cites to two patents assigned to MaxLinear, U.S. Patent Nos. 9,178,765 and~~
9 ~~9,419,858. These two MaxLinear patents were cited by the examiner in a non final~~
10 ~~rejection on March 20, 2019. On information and belief, Comcast infringes at least~~
11 ~~claim 1 of both the '765 and '858 patents. On information and belief, no later than that~~
12 ~~date, Comcast substantively reviewed and analyzed the '765 and '858 patents. On~~
13 ~~information and belief, Comcast has willfully infringed the '765 and '858 patents~~
14 ~~beginning no later than March 20, 2019.~~ 9,419,858 (the '858 Patent"), which is the
15 ultimate parent of the '682 Patent. Specifically, Comcast's patents including U.S.
16 Patent No. 11,191,087; U.S. Patent No. 10,582,515; U.S. Patent No. 11,758,574 cite
17 the '858 Patent.

18 121. Comcast's reference to the '858 Patent, which is closely related to and
19 involves similar technology and functionality as the '682 Patent, evidences Comcast's
20 awareness that it infringes upon '682 Patent.

21 122. Further, Comcast filed an application for U.S. Patent No. 9,178,765 on
22 July 23, 2013, in the same month that the application for the '682 Patent was filed.
23 On information and belief, Comcast was aware of the '682 Patent based on the
24 investigation it undertook during the application and prosecution process for U.S.
25 Patent No. 9,178,765. Thus, Comcast has willfully infringed the '682 Patent since at
26 least July 23, 2013.

123. Accordingly, Comcast either knew about the Patents-in-Suit, or alternatively engaged in a scheme to be willfully blind to the existence of the Patents-in-Suit.

C. 1. Comcast Willfully Infringed, and Continues to Infringe, Entropic's MoCA Patents⁷

124. 74. Comcast invested in Entropic Inc. once in 2003, and again in 2006.

125. 75. Upon information and belief, Comcast substantively reviewed and analyzed Entropic's Entropic Inc.'s patents and patent applications related to the Entropic's Entropic Inc.'s MoCA standard patents as part of its due diligence prior to investing in Entropic Inc.

126. 76. Upon information and belief, the patents and patent applications that Comcast analyzed prior to investing in Entropic include at least the following patents: U.S. Patent No. 7,295,518 (the "'518 Patent"), duly issued on November 13, 2007 from an application filed December 18, 2002, an application filed August 19, 2002 and, *inter alia*, a provisional application filed August 30, 2001; U.S. Patent No. 7,594,249, duly issued on September 22, 2009 from an application filed July 21, 2001, and a provisional application filed May 4, 2001; U.S. Patent No. 7,889,759 (the "'759 Patent"), duly issued on February 15, 2011 from an application filed July 12, 2004, an application filed August 29, 2002, and, *inter alia* a provisional application filed August 30, 2001; U.S. Patent No. 8,085,802, duly issued on December 27, 2011 from an application filed December 2, 2005, and a provisional application filed December 2, 2004; U.S. Patent No. 8,631,450, duly issued on January 14, 2014, from an application filed September 19, 2005 and, *inter alia*, a provisional application filed December 2, 2004; U.S. Patent No. 8,621,539, duly issued on December 31, 2013 from an application filed September 29, 2005 and, *inter alia*, a provisional application

⁷ The MoCA Patents are set forth in Entropic's concurrently filed action, *Entropic v. Comcast, et al.*, Case No. 2:23-cv-1048-JWH-KES (C.D. Cal. 2023).

1 filed December 2, 2004; U.S. Patent No. 10,257,566, duly issued on April 9, 2019
2 from an application filed February 7, 2017, an application filed September 19, 2005,
3 and *inter alia*, a provisional application filed December 2, 2004 (collectively, the
4 “Pre-Investment MoCA Patents”). On information and belief, Comcast knew, based
5 on its own analysis and also potentially statements from Entropic itself, that these
6 patents were standard-essential to MoCA, such that practicing the MoCA standard
7 would infringe these patents.

8 127. ~~77.~~ Upon information and belief, no later than the day prior to its latest
9 investment in Entropic in 2006, Comcast knew or had every reason to know that
10 Entropic owned the Pre-Investment MoCA Patents related to the MoCA technology
11 such that deployment of MoCA standard-compliant devices would infringe patents
12 owned by Entropic.

13 128. ~~78.~~ Upon information and belief, no later than the day prior to its latest
14 investment in Entropic in 2006, any reasonable commercial party in Comcast’s
15 position, with Comcast’s knowledge, would know that deployment of MoCA
16 standard-compliant devices would infringe on the Pre-Investment MoCA Patents
17 owned by Entropic. On information and belief, Comcast continued to monitor and
18 analyze Entropic’s MoCA-related patents and was aware of later-filed patents that are
19 standard-essential to MoCA simply due to the importance of MoCA to Comcast’s
20 business and Comcast’s later involvement as a board member of MoCA.

21 129. ~~79.~~ No later than 2010 and continuing to the present, Comcast has used
22 products that provide signals, programming and content utilizing a data connection
23 carried over a coaxial cable network in accordance with the MoCA standards,
24 including at least the Arris DCX3200, DCX3400, DCX3500, XG1-A, XG1v3,
25 XG1v4, XG2v2, Arris MR150CNM, Pace PR150BNM, Pace PX032ANI, Pace
26 PXD01ANI, Samsung SR150BNM, and similarly operating devices. Because
27 Comcast was already aware of Entropic’s Pre-Investment MoCA patents and knew
28 that those patents were standard-essential, Comcast knew that its use of these devices

1 would directly infringe the Pre-Investment MoCA patents. Despite this knowledge,
2 Comcast willfully infringed the Pre-Investment Patents beginning no later than 2010.

3 1. Comcast's Involvement in MoCA

4 130. ~~80.~~ Upon information and belief, Comcast was involved with and/or a
5 member of MoCA from the earliest days of the MoCA, through at least August 2019.
6 Indeed, Comcast was a member of the MoCA board of directors.⁶⁸

7 ~~81. Entropic filed a patent infringement suit against ViXS Systems, Inc. and~~
8 ~~ViXS USA, Inc. in the Southern District of California, Case No.~~
9 ~~13 CV 1102 WQHBGS ("the ViXS Suit"), on May 8, 2013, asserting infringement of~~
10 ~~the '759 Patent and the '518 Patent. Both patents are essential to the standards~~
11 ~~developed and promulgated by MoCA.~~

12 131. As an early and active member of MoCA, Comcast helped to develop the
13 MoCA standard, and therefore would have been knowledgeable about the technology
14 essential to the practice of that standard.

15 132. Upon information and belief, Comcast was aware that Entropic, its close
16 partner in the endeavor to grow and developed the MoCA standard, owned patents for
17 its technology that was MoCA-standard-compliant.⁹

18 133. Specifically, Comcast would have been aware of at least the '249 Patent,
19 which was filed on July 21, 2001; the '518 Patent, which was filed on December 18,
20 2002; the '759 Patent, which was filed on July 24, 2004; the '450 Patent, which was
21 filed on September 19, 2005; the '539 Patent, which was filed on September 29, 2005;
22 and the '802 Patent, which was filed on December 2, 2005. These Patents, all of
23 which are essential to the practice of the MoCA standard, were filed during the time
24 that MoCA was being developed by Entropic Inc., Comcast, and others.

1 134. ~~82.~~ Upon information and belief, ~~as a member of MoCA, Comcast~~
2 ~~analyzed the claims in the ViXS Suit and the asserted patents.~~ no later than the day
3 prior to its latest investment in Entropic in 2006, any reasonable commercial party in
4 Comcast's position, with Comcast's knowledge, would perceive a substantial
5 likelihood that deployment of MoCA standard-compliant devices would infringe on
6 Pre-Investment Patents owned by Entropic.

7 135. On information and belief, Comcast continued to monitor and analyze
8 Entropic's MoCA-related patents and was aware of later-filed patents that are
9 standard-essential to MoCA simply due to the importance of MoCA to Comcast's
10 business and Comcast's later involvement as a board member of the MoCA.

11 ~~83.~~ ~~Upon information and belief, Comcast analyzed its products' functionality~~
12 ~~in light of the patents asserted in the ViXS Suit.~~

13 ~~84.~~ ~~Because Comcast already was using and deploying devices practicing the~~
14 ~~MoCA standards (and continued to do so), Comcast willfully infringed the '759 and~~
15 ~~'518 Patents no later than May 8, 2013, after substantively analyzing the complaint~~
16 ~~and asserted patents from the ViXS suit.~~

17 136. ~~85.~~ As a member of the MoCA, Comcast was well aware that Entropic,
18 the owner of the MoCA Patents ~~in the ViXS Suit~~, was the leading contributor of
19 technology to the standards promulgated by MoCA, which are implicated by the
20 claims of patent infringement ~~in the ViXS Suit~~ herein. Indeed, Comcast was aware
21 that, at the time, Entropic was the only entity capable of developing the technology
22 necessary to practice the MoCA standard.

23 ~~86.~~ ~~Upon information and belief, Comcast therefore knew that MaxLinear and~~
24 ~~Entropic Communications Inc. were significant players in MoCA.~~

25 137. ~~87.~~ Upon information and belief, Comcast knew that MoCA
26 standard-compliant devices had tremendous success, given ~~its~~ the public success
27 through Verizon Wireless's deployment of Fios.

1 138. Comcast also willfully infringed the '518 Patent by virtue of its
2 involvement in MoCA. On October 28, 2008, Anton Monk, the Vice President of
3 Technology for Entropic Inc., disclosed Entropic Inc.'s ownership of the '518 Patent
4 via email to the MoCA Board of Directors.

5 139. Attached to this email was a document entitled "Disclosure of Intellectual
6 Property," which represents to the MoCA Board of Directors that the '518 Patent was
7 essential to the practice of the MoCA standard.

8 140. On information and belief, Comcast was a member of the Board at the
9 time and therefore received this notice from Entropic.

10 141. Comcast therefore had direct notice of the '518 Patent and that the '518
11 Patent is essential to the practice of the MoCA standard.

12 142. The '759 Patent is a continuation-in-part of the '518 Patent. Given the
13 close relationship between the '759 Patent and the '518 Patent, Comcast also was on
14 notice that the '759 Patent was owned by Entropic Inc. and is essential to the practice
15 of the MoCA standard.

16 143. At the very least, Comcast engaged in a scheme to be willfully blind to
17 the existence of the '759 Patent and the fact that it is essential to the practice of
18 MoCA standard based on its relation to the '518 Patent.

19 **2. Comcast's Relationship with MaxLinear**

20 144. ~~88.~~ Comcast and MaxLinear, Inc. were engaged in a longstanding
21 commercial relationship for years. Upon information and belief, Comcast knew that
22 MaxLinear, Inc. was a member of MoCA since at least 2011.

23 145. ~~89.~~ Comcast and MaxLinear, Inc. were both board members of MoCA
24 from at least 2015 through August 2019. By virtue of Comcast's participation in
25 MoCA and its ongoing, extensive use of MoCA standards, on information and belief,
26 Comcast monitored and reviewed the publication and issuance of patents that would
27 be standard-essential, including MaxLinear and Entropic Communications—Inc.
28 patents. Because Comcast was using the devices that practiced the MoCA standards,

Comcast willfully infringed each MaxLinear and Entropic ~~Communications~~-Inc. patent that was standard-essential to MoCA no later than shortly after the issuance of those patents. To the extent Comcast did not engage in such review, it constitutes willful blindness to patent infringement due to Comcast's knowledge of the foundational role and contributions of Entropic ~~Communications~~-Inc. and MaxLinear to the MoCA standards.

~~90. Upon information and belief, Comcast was aware that Entropic Communications Inc. owned patents that were and are essential to the practice of the MoCA standard.⁷~~

146. ~~91.~~ At least as early as January 1, 2020, Comcast knew that MaxLinear owned patents that were essential to practicing the technology embodied in one or more standards promulgated by MoCA.

147. ~~92.~~ Comcast knew that MaxLinear acquired Entropic ~~Communications~~ Inc. and its patents in 2015.⁸¹⁰ Because Comcast already knew it was willfully infringing patents owned by Entropic ~~Communications~~-Inc., Comcast therefore knew that it was willfully infringing patents that were standard-essential to MoCA that now were owned by MaxLinear no later than 2015.

148. ~~93.~~ No later than the day prior to signing the VSA with MaxLinear, Inc., Comcast knew or had every reason to know that MaxLinear, Inc. owned patents related to the MoCA technology such that deployment of MoCA standard-compliant devices would infringe on patents owned by [REDACTED] MaxLinear. To the extent Comcast did not investigate whether it infringed such patents, Comcast was willfully blind to its infringement of patents owned by its long-time business partner, MaxLinear.

13 156. Comcast also willfully infringed two other MaxLinear patents no later
14 than June 9, 2022. Specifically, during prosecution of Comcast's 17/201,189 patent
15 application, the patent examiner cited to MaxLinear, Inc.'s MoCA-related U.S. Patent
16 No. 10,075,333 (the "'333 Patent") in a non-final rejection, which Comcast received
17 on June 9, 2022. Additionally, the '116 Patent was cited during prosecution of
18 Comcast's patent application 16/777,622. The examiner cited MaxLinear, Inc.'s
19 MoCA-related U.S. Patent No. 10,285,116 ("'116 Patent")'s publication in a non-final
20 rejection, which Comcast received on October 16, 2020. On information and belief,
21 no later than June 9, 2022, Comcast substantively reviewed and analyzed the '333
22 Patent. On information and belief, no later than October 16, 2020, Comcast
23 substantively reviewed and analyzed the '116 Patent. On information and belief,
24 Comcast has willfully infringed the '333 and '116 Patents beginning no later than
25 June 9, 2022 and October 16, 2020, respectively.

26 **3. The ViXS Suit**

27 157. Entropic filed a patent infringement suit against ViXS Systems, Inc. and
28 ViXS USA, Inc. in the Southern District of California, Case No.

1 13-CV-1102-WQHBGS (“the ViXS Suit”), on May 8, 2013, asserting infringement of
2 the ’759 Patent and the ’518 Patent. Both patents are essential to the standards
3 developed and promulgated by MoCA.

4 158. 96. Upon information and belief, as a member of MoCA, Comcast
5 ~~substantively reviewed and~~ analyzed the ~~’775 Patent in Suit, duly issued on July 17,~~

7 ~~to investing in Entropic in 2006.~~ claims in the ViXS Suit and the patents asserted in
8 that case, which included the ’759 and ’518 Patents.

9 159. Upon information and belief, Comcast analyzed its products’
10 functionality in light of the patents asserted in the ViXS Suit.

11 160. Because Comcast already was using and deploying devices practicing the
12 MoCA standards (and continued to do so), Comcast willfully infringed the ’759 and
13 ’518 Patents no later than May 8, 2013, after substantively analyzing the complaint
14 and the patents asserted in the ViXS suit.

15 ~~97. Accordingly, upon information and belief, no later than the day prior to its~~
16 ~~latest investment in Entropic in 2006, Comcast knew or had every reason to know that~~
17 ~~Entropic owned the ’775 Patent in Suit. Because Comcast knew of the ’775 patent~~
18 ~~and substantively reviewed its claims, Comcast began willfully infringing the ’775~~
19 ~~patent no later than the dates it began offering the Accused Cable Modem products~~
20 ~~and services, having knowledge that such use and deployment infringed the ’775~~
21 ~~patent.~~

22 ~~98. Additionally, Comcast and MaxLinear, Inc. were engaged in a longstanding~~
23 ~~commercial relationship for years.~~

6 related to non-standardized technologies deployed in the cable television and/or cable

8 161. 101. As addressed above ~~in paragraphs 67 through 74~~, Comcast has
9 willfully infringed at least the ~~'362 patent, the '826 patent,~~ 759 Patent and the ~~'206~~
10 ~~patent~~ 518 Patent through its knowledge gained from the ~~Charter litigation~~ ViXS Suit,
11 and was aware of (and substantively analyzed its infringement of) the other
12 ~~Patents-in-Suit~~ MoCA Patents no later than the letter sent by Entropic in August 2022.

13 162. As a member of MoCA, Comcast was well aware that Entropic Inc., the
14 owner of the MoCA Patents in the ViXS Suit, was the leading contributor of
15 technology to the standards promulgated by MoCA, which are implicated by the
16 claims of patent infringement in the ViXS Suit.

22 **D. Comcast has willfully infringed each of the Patents-in-Suit through its**
23 **post-suit conduct.**¹¹

24 ¹¹ Entropic has filed a motion for leave to supplement its complaint with the
25 allegations contained in Section E herein contemporaneously with this Second
26 Amended Complaint. This motion requests leave to include allegations of events that
27 occurred after the filing of the original complaint, and it includes a redlined copy of
28 the proposed supplemental pleading to Entropic's First Amended Complaint,
consistent with this Court's Standing Order.

1 163. Despite having knowledge of its infringement of the Patents-in-Suit by
2 virtue of Entropic’s original Complaint, its First Amended Complaint, and its
3 infringement contentions, Comcast continues to make, use, sell, or offer for sale the
4 Accused Products. Thus, Comcast continues to willfully infringe the Patents-in-Suit.

5 164. Further, on December 1, 2023, MaxLinear, Inc. filed a Counterclaim
6 against Comcast in the Southern District of New York (“SDNY”) containing detailed
7 allegations of Comcast’s misappropriation of MaxLinear’s trade secrets. These
8 allegations shed further light on Comcast’s willful infringement of the Patents-in-Suit.

9 165. Even if Comcast had not willfully infringed the Patents-in-Suit,
10 MaxLinear, Inc. provided notice of termination of the VSA to Comcast on May 18,
11 2023, and the VSA is therefore no longer in effect.

12 **1. Original Complaint**

13 166. Before the filing of this Second Amended Complaint, on February 16,
14 2023, Comcast accepted service of Entropic’s original Complaint alleging
15 infringement of the same Patents-in-Suit. See DE 1. Entropic hereby incorporates its
16 original Complaint into this Second Amended Complaint by reference.

17 167. Entropic’s original Complaint specifically described the infringing nature
18 of the Accused Products, which are the same as those described herein. Further, the
19 original complaint set forth detailed allegations of how each of the Patents-in-Suit was
20 infringed by one of or more of the Accused Products.

21 168. Comcast thereafter analyzed Entropic’s allegations of infringement and
22 has indeed engaged in substantive discussions with Entropic related to Entropic’s
23 infringement allegations.

24 169. Indeed, after Entropic’s Complaint was filed, on information and belief,
25 Comcast again sought indemnification from its suppliers for Entropic’s claims.

26 170. Thus, Comcast was on notice of the basis for Entropic’s infringement
27 claims and sought protection for those claims from its suppliers. On information and
28 belief, Comcast could not have stated grounds for indemnification by specific

1 suppliers unless it had knowledge of the basis for Entropic's infringement claims, as
2 well as the specific products that were being accused.

3 171. ~~102. Accordingly~~ Thus, Comcast ~~either knew about~~ has been aware that it
4 infringed the Patents-in-Suit, ~~or alternatively engaged in a scheme to be willfully~~
5 ~~blind to the existence of the Patents in Suit~~ since the service of Entropic's original
6 Complaint, on February 16, 2023.

7 ~~103. Upon information and belief, in addition to the knowledge as set forth~~
8 ~~above, one of the named inventors of the '008 Patent and '826 Patent, Patrick Tierney,~~
9 ~~now works at Comcast. Accordingly, upon information and belief, Comcast knew of~~
10 ~~the aforementioned Patents in Suit as early as the day Patrick Tierney was hired.~~

11 **2. First Amended Complaint**

12 172. Before the filing of this Second Amended Complaint, on June 5, 2023,
13 Comcast was served with Entropic's First Amended Complaint alleging infringement
14 of the same Patents-in-Suit. See DE 63. Entropic hereby incorporates its First
15 Amended Complaint into this Second Amended Complaint by reference.

16 173. Even more so than its original Complaint, Entropic's First Amended
17 Complaint set forth specific allegations of Comcast's infringement of each of the
18 Patents-in-Suit. Entropic included reference to particular patents that Comcast
19 willfully infringed based on its use of particular technology.

20 174. Comcast thereafter analyzed Entropic's allegations of infringement and
21 has indeed engaged in substantive discussions with Entropic related to Entropic's
22 infringement allegations.

23 175. Thus, Comcast has been aware that it infringed Patents-in-Suit since the
24 service of Entropic's original Complaint, on June 5, 2023.

25 **3. Entropic's Infringement Contentions**

26 176. Further, Entropic's infringement contentions, served on September 15,
27 2023, provided Comcast with additional notice of infringement. Entropic hereby
28

1 incorporates its infringement contentions into this Second Amended Complaint by
2 reference.

3 177. Entropic's infringement contentions set forth Entropic's infringement
4 positions in detail, and they include charts setting forth how each Accused Product
5 specifically infringed each Asserted Patent.

6 178. In particular, Entropic identified how Comcast's development and use of
7 a PMA system that generates and transacts D3.1 downstream (DS) profiles infringes
8 upon Entropic's '682 Patent.

9 179. Comcast thereafter analyzed the infringement contentions and has
10 engaged in thorough discussions with Entropic regarding the substance of these
11 contentions.

12 180. Thus, Comcast has been aware that it infringed Patents-in-Suit since at
13 least September 15, 2023.

14 181. 104. To date, Comcast has continued its wrongful and willful use of the
15 Patents-in-Suit, and has further continued its attempts to shield itself from liability for
16 its wrongful use thereof.

17 182. Comcast's continued sale of the Accused Products despite its knowledge
18 of the infringement set forth in Entropic's original Complaint, Second Amended
19 Complaint, and Entropic's infringement contentions demonstrates its intent to
20 willfully infringe the Patents-in-Suit.

21 **4. MaxLinear's SDNY Counterclaim**

22 183. On December 1, 2023, MaxLinear, Inc. filed a Counterclaim against
23 Comcast, alleging that Comcast breached the nondisclosure agreement (the "NDA") it
24 entered into with MaxLinear, Inc. and misappropriated MaxLinear, Inc.'s trade
25 secrets. See Comcast Cable Communications Management, LLC, et al. v. MaxLinear,
26 Inc., Case No. 1:23-cv-04436-AKH, DE 88 (S.D.N.Y. Dec. 1, 2023). This
27 Counterclaim is hereby incorporated into this Second Amended Complaint by
28 reference.

1 184. In its Counterclaim, MaxLinear, Inc. alleges that Comcast intentionally,
2 and in violation of the NDA, capitalized off of MaxLinear's breakthrough FDX
3 technology by first convincing MaxLinear to disclose that technology to Comcast, and
4 then by taking credit for technology and divulging the information it learned to
5 MaxLinear's competitor.

6 185. Specifically, Comcast knowingly published aspects of MaxLinear's FDX
7 amplifier design as its own through its employee, Richard Prodan; disclosed the
8 amplifier design to MaxLinear's competitor; and paid the competitor to create a
9 functionally identical amplifier for Comcast.

10 186. MaxLinear goes on to allege that, while Comcast has previously hid
11 behind Section 7.3 of the VSA—an agreement which Comcast itself
12 drafted—Comcast's knowing misappropriation of MaxLinear's FDX-amplifier trade
13 secret technology has rendered this provision irrelevant.

21 **JURISDICTION AND VENUE**

22 190. ~~105.~~ This Court has subject matter jurisdiction pursuant to 28 U.S.C.
23 §§ 1331 and 1338(a) because the claims herein arise under the patent laws of the
24 United States, 35 U.S.C. § 1 *et seq.*, including 35 U.S.C. § 271.

25 191. ~~106.~~ Venue in this District is proper pursuant to 28 U.S.C. § 1400(b),
26 because Comcast has regular and established places of business in this District. The
27 defendants, by themselves and/or through their agents, have committed acts of patent
28 infringement within the State of California and within this District by using, selling,

1 offering for sale, and/or leasing various telecommunication services products and
2 services.

3 192. ~~107.~~ This Court has general personal jurisdiction over Comcast Corp.
4 because it conducts systematic and regular business within the State of California by,
5 *inter alia* providing cable television, internet, and phone services to businesses and
6 residents throughout the state. Comcast Corp.’s website states that, “Comcast is
7 deeply committed to California, where our nearly 5,000 employees serve more than 3
8 million customers throughout the state.”⁹¹²

9 193. ~~108.~~ Upon information and belief, Comcast Management has a regular
10 and established place of business in the State of California including at least at 3055
11 Comcast Place, Livermore, California 94551.

12 194. ~~109.~~ The Court has personal jurisdiction over Comcast Corp., Comcast
13 Communications and Comcast Management because they have committed acts of
14 infringement within the State of California and within this District through, for
15 example, providing through their wholly owned subsidiaries, “Comcast” and
16 “Xfinity” branded products and services, including, Xfinity set top boxes (“STBs”)
17 and Xfinity digital video, audio, and other content services to customers. Comcast
18 provides cable television and internet services (“Accused Services”) via the lease,
19 sale, and/or distribution of cable modems and set top boxes both online and from
20 Comcast stores in this District. For example, Comcast has and continues to sell, lease,
21 and/or distribute the Technicolor TC8717 cable modem, Technicolor CGM4140 cable

4 195. ~~110.~~ Upon information and belief, Comcast Corp., Comcast
5 Communications, and Comcast Management, by themselves and/or through their
6 agents, offer various telecommunication services throughout the United States.
7 Comcast operates and maintains a nationwide television and data network through
8 which it sells, leases, and offers for sale products and services, including the Accused
9 Services, Accused Cable Modem Products and Accused Set Top Products, to
10 businesses, consumers, and government agencies. Through its subsidiaries, Comcast
11 Corp. offers to sell, sells, and provides “Comcast” and “Xfinity” branded products and
12 services, including cable modems, set top boxes, and digital video, audio, and other

14 one or more receivers and/or set-top boxes within this District. Subscribers to
15 Comcast’s internet services receive one or more cable modems within this District.

16 196. ~~111.~~ Upon information and belief, those services are provided through
17 and using the Accused Cable Modem Products and Accused Set Top Products.

18 197. ~~112.~~ Upon information and belief, Comcast Corp., Comcast
19 Communications, and Comcast Management, by themselves and/or through their
20 agents, Comcast Santa Maria and/or Comcast Lompoc, operate their businesses
21 through *inter alia* offices, warehouses, storefronts, and/or other operational locations
22 within this District, including, for example, at the Xfinity by Comcast stores located in
23 this District at 685 East Betteravia Rd., Santa Maria, California 93454; and 1145 N. H

24 ¹³ Entropic provided its initial infringement contentions for the ’775, ’690, ’008, ’362,
25 ’826, ’682, ’866, and ’206 Patents on September 15, 2023. Entropic provided its
26 initial infringement contentions for the ’438 and ’275 Patents on November 3, 2023.
27 Entropic has revised this Second Amended Complaint to reflect the initial
28 infringement contentions, which include references to certain documents provided in
discovery to Comcast by Entropic.

1 Street, Suite B, Lompoc, California 93436. Comcast holds out these locations as its
2 own through the use of branding on the locations themselves.

3 198. ~~113.~~ Comcast lists these Xfinity by Comcast stores on its website and
4 holds them out as places where customers can obtain the Accused Services, Accused
5 Cable Modem Products and Accused Set Top Products.

6 199. ~~114.~~ Upon information and belief, one or more of the defendants owns
7 and/or leases the premises where these Xfinity by Comcast stores are located.

8 200. ~~115.~~ Upon information and belief, these Xfinity by Comcast stores are
9 staffed by persons directly employed by Comcast, many of whom live in this District.

10 201. ~~116.~~ Upon information and belief, one or more of the defendants has
11 engaged in regular and established business at physical places within this District such
12 as at these two Xfinity by Comcast stores.

13 202. ~~117.~~ Upon information and belief, Comcast employs and/or contracts
14 with persons and directs them to install, service, repair, and/or replace equipment, as
15 appropriate, in this District.

16 203. ~~118.~~ Upon information and belief, in each of these stores and/or service
17 centers, Comcast owns and stores equipment such as cable modems and set top boxes
18 and demonstrates services provided via those products to Comcast customers.

19 204. ~~119.~~ Comcast has adopted and ratified the Comcast and Xfinity-branded
20 locations identified in this District. The Comcast website advertises Comcast service
21 packages available from Comcast-authorized retailers in this District, and prospective
22 employees can find Comcast job listings in this District. Furthermore, the “corporate”
23 section of Comcast’s main website has a section containing “Special Information
24 Regarding California Residents’ Privacy Rights,” which demonstrates that Comcast is
25 purposefully holding itself out as providing products and services in California.

26 205. ~~120.~~ Upon information and belief, Comcast Corp., and/or Comcast
27 Communications, by themselves and/or through their agent, Comcast Management,
28 provides the Accused Services throughout the United States and in this District.

1 206. ~~121.~~ Upon information and belief, Comcast Corp. and/or Comcast
2 Management, by themselves, and/or through their agent, Comcast Communications,
3 sells, and offers for sale, and provides the Accused Services, the Accused Cable
4 Modem Products and the Accused Set Top Products throughout the United States and
5 in this District.

6 207. ~~122.~~ The Accused Services are available for subscription from various
7 physical stores, including those at 685 East Betteravia Rd., Santa Maria, California,
8 93454; and 1145 N. H Street, Suite B, Lompoc, California 93436.

9 208. ~~123.~~ The devices, including the Accused Cable Modem Products and the
10 Accused Set Top Products provided by Comcast to supply the Accused Services, are
11 provided to customers in this District and may be obtained by customers from
12 physical locations in this District, including those at 685 East Betteravia Rd., Santa
13 Maria, California, 93454; and 1145 N. H Street, Suite B, Lompoc, California 93436.

14 209. ~~124.~~ Venue is further proper because Comcast has committed and
15 continues to commit acts of patent infringement in this District, including making,
16 using, offering to sell, and/or selling Accused Services, Accused Cable Modem
17 Products and Accused Set Top Products in this District, and/or importing the Accused
18 Cable Modem Products and Accused Set Top Products into, and thereafter providing
19 Accused Services in, this District, including by Internet sales and sales via retail and
20 wholesale stores. Furthermore, for example, Comcast deploys Accused Cable Modem
21 Products and Accused Set Top Products to many thousands of locations (e.g.,
22 customer premises) in this District and subsequently, by means of those
23 instrumentalities, uses the claimed inventions at those locations in this District.
24 Comcast infringes by inducing and contributing to acts of patent infringement in this
25 District and/or committing at least a portion of any other infringement alleged herein
26 in this District.

27 210. ~~125.~~ Comcast continues to conduct business in this District, including the
28 acts and activities described in the preceding paragraph.

COUNT I

(Infringement of the '775 Patent)

211. ~~126.~~ Entropic incorporates by reference each allegation of the paragraphs above as if fully set forth herein.

212. Entropic served infringement contentions which included a claim chart for the '775 Patent on September 15, 2023.

213. ~~127.~~ The '775 Patent duly issued on July 17, 2012 from an application filed September 30, 2003.

214. ~~128.~~ Entropic owns all substantial rights, interest, and title in and to the '775 Patent, including the sole and exclusive right to prosecute this action and enforce the '775 Patent against infringers and to collect damages for all relevant times.

215. ~~129.~~ The '775 Patent generally describes a partitioned cable modem that performs cable modem functions and data and home networking functions. Functionally partitioning a cable modem to perform cable modem functions and data and home networking functions enables a cable modem to incorporate a variety of enhanced functions. A true and accurate copy of the '775 Patent is attached hereto as Exhibit 1.

216. ~~130.~~ The '775 Patent is directed to patent-eligible subject matter pursuant to 35 U.S.C. § 101.

217. ~~131.~~ The '775 Patent is valid and enforceable, and presumed as such, pursuant to 35 U.S.C. § 282.

218. ~~132.~~ Comcast deploys one or more of the Accused Cable Modem Products in connection with operating and providing the Accused Services.

219. ~~133.~~ The Accused Cable Modem Products deployed by Comcast to customer premises remain the property of Comcast while deployed.

220. ~~134.~~ The Accused Cable Modem Products operate while deployed in a manner controlled and intended by Comcast.

221. ~~135.~~ As set forth in the [infringement contentions served on Comcast on September 15, 2023](#) (attached ~~nonlimiting claim chart~~ [\(hereto as Exhibit 2\)](#)),¹⁴ Comcast has directly infringed and is infringing at least Claims 18 and 19 of the '775 Patent by using, importing, selling, and/or offering for sale the Accused Cable Modem Products and/or the Accused Services.

222. ~~136.~~ Each aspect of the functioning of the Accused Cable Modem Products described in the claim chart operates while deployed to customer premises in a manner controlled and intended by Comcast.

223. ~~137.~~ Comcast provides no software, support, or other facility to customers to modify any aspect of the functioning described in the claim chart of the Accused Cable Modem Products while deployed to customer premises.

224. ~~138.~~ Comcast directly infringes at least Claims 18 and 19 of the '775 Patent by using, importing, selling, and/or offering for sale the Accused Cable Modem Products (for example, the Technicolor CGM4140 cable modem) and/or the Accused Services (for example, utilizing cable modem functions).

225. ~~139.~~ The use of the Accused Cable Modem Products by Comcast to, for example, demonstrate products in brick-and-mortar stores at 685 East Betteravia Rd., Santa Maria, California, 93454; and 1145 N. H Street, Suite B, Lompoc, California 93436, or to, for example, test those products, constitute acts of direct infringement of at least Claims 18 and 19 of the '775 Patent.

12 231. ~~141.~~ Comcast has known of or has been willfully blind to the '775 Patent
13 since no later than the day before investing in Entropic Inc. in or about 2006.

14 232. ~~142.~~ Comcast has known of the '775 Patent no later than its receipt of
15 Entropic's communication sent to Comcast on August 9, 2022.

16 233. ~~143.~~ Comcast has been aware that it infringes the '775 Patent since well
17 before, and no later than the date of, its receipt of Entropic's August 9, 2022
18 communication, attached as Exhibit 17. Since obtaining knowledge of the '775 Patent
19 and its infringing activities, Comcast has failed to cease its infringing activities.

20 234. ~~144.~~ Customers and subscribers of Comcast infringe at least Claims 18
21 and 19 of the '775 Patent by using the claimed system, at least during the use of the
22 Accused Cable Modem Products ~~(for example, the Technicolor CGM4140 cable~~
23 ~~modem).~~

24 235. ~~145.~~ Comcast actively induces customers' direct infringement. For
25 example, Comcast actively induces infringement of at least Claims 18 and 19 of the
26 '775 Patent by providing the Accused Cable Modem Products to Comcast customers
27 with specific instructions and/or assistance (including installation) regarding the use
28 of the Accused Cable Modem Products to infringe the '775 Patent in accordance with

1 the ordinary course of operation through the provision of the Accused Services. For at
2 least the above-listed reasons, Comcast aids, instructs, supports, and otherwise acts
3 with the intent to cause an end user to use the Accused Cable Modem Products to
4 infringe at least Claims 18 and 19 of the '775 Patent.

5 236. ~~146.~~ Comcast contributes to the customers' direct infringement. Comcast
6 provides apparatuses, namely the Accused Cable Modem Products, that are used by
7 customers to directly infringe at least Claims 18 and 19 of the '775 Patent.

8 237. ~~147.~~ The Accused Cable Modem Products have no substantial
9 noninfringing uses. When an end user uses the Accused Cable Modem Products to
10 receive the Accused Services, the end user directly infringes at least Claims 18 and 19
11 of the '775 Patent. The Accused Cable Modem Products are especially made or
12 especially adapted for use in an infringing manner.

13 238. ~~148.~~ Comcast's inducement of, and contribution to, the direct
14 infringement of at least Claims 18 and 19 of the '775 Patent is continuous and
15 ongoing through acts such as providing the Accused Cable Modem Products to
16 Comcast customers, which enables those customers to receive the Accused Services;
17 Comcast's provision of the Accused Services; and technical assistance provided by
18 Comcast for equipment it provides to its customers in support of the provision of the
19 Accused Services.

20 239. ~~149.~~ Comcast's infringement of the '775 Patent is, has been, and
21 continues to be willful, intentional, deliberate, and/or in conscious disregard for
22 Entropic's rights under the patent.

23 240. ~~150.~~ Entropic has been damaged as a result of the infringing conduct
24 alleged above. Comcast is liable to Entropic in an amount that compensates Entropic
25 for Comcast's infringement, which by law cannot be less than a reasonable royalty,
26 together with interest and costs as fixed by this Court under 35 U.S.C. § 284.

27 241. ~~151.~~ Entropic is aware of no obligation to mark any instrumentality with
28 the '775 Patent in accordance with 35 U.S.C. § 287.

COUNT II

(Infringement of the '690 Patent)

242. ~~152.~~ Entropic incorporates by reference each allegation above as if fully set forth herein.

243. Entropic served infringement contentions which included a claim chart for the '690 Patent on September 15, 2023.

22 SNR-related metric, generating a composite SNR-related metric based on a worst-case
23 SNR profile, selecting a physical layer communication parameter to be used for
24 communicating with a service group based on a composite SNR-related metric, and
25 communicating with cable modems in the service group using the selected physical
26 layer communication parameter. A true and accurate copy of the '682 Patent is

16 370. ~~262.~~ Each aspect of the functioning of the Accused Cable Modem
17 Products described in the claim chart operates while deployed to customer premises in
18 a manner controlled and intended by Comcast.

19 371. ~~263.~~ Comcast provides no software, support, or other facility to
20 customers to modify any aspect of the functioning described in the claim chart of the
21 Accused Cable Modem Products while deployed to customer premises.

22 372. ~~264.~~ Comcast directly infringes at least ~~Claim 1~~ Claims 1-5 and 9 of the
23 '682 Patent by using, importing, selling, and/or offering for sale the Accused

28 ¹⁹ The original claim chart for this patent is located at DE 63.

1 373. ~~265.~~ The use of the Accused Services by Comcast to, for example,
2 demonstrate products in brick-and-mortar stores at 685 East Betteravia Rd., Santa
3 Maria, California, 93454; and 1145 N. H Street, Suite B, Lompoc, California 93436,
4 or to, for example, test those products, constitute acts of direct infringement of at least
5 ~~Claim 1~~ Claims 1-5 and 9 of the '682 Patent.

6 374. Comcast has known of or has been willfully blind to the '682 Patent
7 since before, and no later than the date of, its acceptance of service of the original
8 Complaint in this action on February 16, 2023.

9 375. Comcast has known of or has been willfully blind to the '682 Patent
10 since before, and no later than the date of, its acceptance of service of the First
11 Amended Complaint in this action on June 5, 2023.

12 376. Comcast has known of or has been willfully blind to the '682 Patent
13 since before, and no later than the date of, its acceptance of service of Entropic's
14 infringement contentions on September 15, 2023.

15 377. ~~266.~~ Comcast has known of or has been willfully blind to the '682 Patent
